SUBJECT INDEX

JOURNAL FOR NURSES IN STAFF DEVELOPMENT • Volume 19, Number 6, 321–323 • 2003 • Lippincott Williams & Wilkins

A
Acute care, gerontological enrichment program for acute care, 305
Age sensitivity, an experiential learning experience in promoting age sensitivity, 183
American Nurses Credentialing Center, 52
Analysis, critical analysis of research papers, 130
Assessment, quality improvement tools to decrease competence assessment overload, 40
Attitudes, an experiential learning experience in promoting age sensitivity, 183

B
Barriers, effective resuscitation by nurses: perceived barriers and needs, 258
Best practices, making the magnet commitment, 269
Bioterrorism, preparedness for staff development specialists, 218
Book reviews
  Conversations in Nursing Professional Development, BE Puetz, JW Aucoin (eds.), 156
  Listening to Patients: A Phenomenological Approach to Nursing Research and Practice, SP Thomas, HR Pollio, 264
Breast cancer, breast self-examination among Korean nurses, 81
Breast self-examination, among Korean nurses, 81

C
Cardiac life support
  effective resuscitation by nurses: perceived barriers and needs, 258
  teaching staff to manage cardiac arrest situations, 292
Cardiopulmonary resuscitation
  effective resuscitation by nurses: perceived barriers and needs, 258
  teaching staff to manage cardiac arrest situations, 292
Career transition
  adaptive competency acquisition assessment for LPN career mobility, 34
  new graduate to critical care nurse, 297
  nursing assistant to LPN program: a collaborative career ladder experience, 234
Centralized staff development model, 313
Charge nurse, charge nurse workshop based on research, 203
Chemical terrorism, preparedness for staff development specialists, 218
Clinical resource nurse, gerontological enrichment program for acute care, 305
Collaboration
  from high school to health professional, 18
  nursing assistant to LPN program: a collaborative career ladder experience, 234
Collegial support, shift report, 25
Competence/competency
  adaptive competency acquisition assessment for LPN career mobility, 34
  charge nurse workshop based on research, 203
  healthcare ethics program development, 9
  project management: core competency for professional nurses and nurse managers, 187
  quality improvement tools to decrease competence assessment overload, 40
  setting valid cut-off scores, 238
  validating competency at the bedside, 165
Computer-based instruction, computer-based fire safety instruction for long-term care staff, 147
Computer training, healthcare information systems, 253
Concept mapping, concept mapping as a critical thinking tool, 228
Continuing education
  chemical and biological terrorism preparedness for staff development specialists, 218
  constructing a lesson plan, 70
  evidence-based practice: role of staff development, 279
  healthcare ethics program development, 9
  from high school to health professional, 18
  making the magnet commitment, 272
  from nursing home to hospital and back again, 113
  role acquisition, socialization, and retention: unique aspects of a mentoring program, 176
  strategies to promote effective group work and critical thinking in the classroom, 63
  ten tips to help learning, 244
  Train-the-Trainer Project, 121
  validating competency at the bedside, 165
Continuity of care, from nursing home to hospital and back again, 113
Corporate culture, juggling corporate culture change, 88
Critical analysis, critical analysis of research papers, 130
Critical care, new graduate to critical care nurse, 297
Critical thinking
  concept mapping as a critical thinking tool, 228
  strategies to promote effective group work and critical thinking in the classroom, 63
Cultural change, juggling corporate culture change, 88
Customer service
  I CARE program, 195

sharpen customer service skills with PCRAFT Pursuit©, 47
Cut-off scores, for competency, 238

D
Decentralized staff development model, 313
Diabetes mellitus, reducing insulin medication errors, 92

E
Education
adaptive competency acquisition assessment for LPN career mobility, 34
charge nurse workshop based on research, 203
chemical and biological terrorism preparedness for staff development specialists, 218
computer-based fire safety instruction for long-term care staff, 147
gerontological enrichment program for acute care, 302
healthcare information systems, 253
nursing assistant to LPN program: a collaborative career ladder experience, 234
reducing insulin medication errors, 92
refresher course for workforce reentry by inactive RNs, 288
sharpen customer service skills with PCRAFT Pursuit©, 47
strategies to promote effective group work and critical thinking in the classroom, 63
unit-based education, 313
Educator. *See also* Nurse educator
healthcare information systems, 253
Ethics, healthcare ethics program development, 9
Evaluation of learning, constructing a lesson plan, 70
Evidence-based practice, role of staff development, 279
Experiential learning, an experiential learning experience in promoting age sensitivity, 183

F
Facilitator, ten tips to help learning, 244
Fire safety training, computer-based fire safety instruction for long-term care staff, 147

G
Games/gaming, sharpen customer service skills with PCRAFT Pursuit©, 47
Geriatric population
an experiential learning experience in promoting age sensitivity, 183
gerontological enrichment program for acute care, 305
from nursing home to hospital and back again, 113
Group work, strategies to promote effective group work and critical thinking in the classroom, 63

H
Health behaviors, breast self-examination among Korean nurses, 81
Health Belief Model, breast self-examination among Korean nurses, 81
Hospitalization
gerontological enrichment program for acute care, 305
from nursing home to hospital and back again, 113

I
Insider research, 99
Insulin administration, reducing insulin medication errors, 92

L
Leadership, juggling corporate culture change, 88
Learning
an experiential learning experience in promoting age sensitivity, 183
concept mapping as a critical thinking tool, 228
strategies to promote effective group work and critical thinking in the classroom, 63
ten tips to help learning, 244
Learning objectives, constructing a lesson plan, 70
Lesson plans, constructing a lesson plan, 70
Licensed practical nurse
adaptive competency acquisition assessment for LPN career mobility, 34
nursing assistant to LPN program: a collaborative career ladder experience, 234

M
Magnet Recognition program, making the magnet commitment, 269
Medication error, reducing insulin medication errors, 92
Mentoring, role acquisition, socialization, and retention: unique aspects of a mentoring program, 176
Mock codes, teaching staff to manage cardiac arrest situations, 292

N
Nurse educator
concept mapping as a critical thinking tool, 228
staff educator RNs: delivering unit-based education to bedside caregivers, 313
ten tips to help learning, 244
Nurse manager, project management: core competency for professional nurses and nurse managers, 187
Nursing assistant, nursing assistant to LPN program: a collaborative career ladder experience, 234
Nursing education. *See* Continuing education; Education
Nursing facility, computer-based fire safety instruction for long-term care staff, 147
Nursing practice
role acquisition, socialization, and retention: unique aspects of a mentoring program, 176
validating competency at the bedside, 165
Nursing shortage
from high school to health professional, 18
new graduate to critical care nurse, 297
workforce reentry by inactive RNs, 288

O
Outcomes, evidence-based practice: role of staff development, 279

Outreach programs, from high school to health professional, 18

P
Pain management, validating competency at the bedside, 165
Patient education, ENTER: care guide for successfully educating patients, 143
Patient satisfaction, sharpen customer service skills with PCRAFT Pursuit©, 47
Powerlessness, shift report, 25
Preceptor, new graduate to critical care nurse, 297
Preparedness, chemical and biological terrorism preparedness for staff development specialists, 218
Professional growth, ten tips to help learning, 244
Program development
  adaptive competency acquisition assessment for LPN career mobility, 34
  healthcare ethics program, 9
Project management
  core competency for professional nurses and nurse managers, 187
Train-the-Trainer Project, 121
Public Health Foundation, 159

Q
Qualitative research, insider research, 99
Quality improvement
  I CARE: organization-wide customer service education program, 195
  quality improvement tools to decrease competence assessment overload, 40
  reducing insulin medication errors, 92

R
Recruitment
  from high school to health professional, 18
  making the magnet commitment, 269
  nursing assistant to LPN program: a collaborative career ladder experience, 234
Registered nurse
  new graduate to critical care nurse, 297
  workforce reentry, refresher courses for, 288
Research
  charge nurse workshop based on research, 203
  critical analysis of research papers, 130
  evidence-based practice: role of staff development, 279
  insider research, 99
Resuscitation
  effective resuscitation by nurses: perceived barriers and needs, 258
  teaching staff to manage cardiac arrest situations, 292
Retention. *See* Staff retention

S
Shift report, 25
Skill retention, effective resuscitation by nurses: perceived barriers and needs, 258
Socialization, role acquisition, socialization, and retention: unique aspects of a mentoring program, 176
Staff development
  an experiential learning experience in promoting age sensitivity, 183
  ENTER: care guide for successfully educating patients, 143
  Train-the-Trainer Project, 121
Staff education. *See also* Continuing education; Education
  chemical and biological terrorism preparedness for staff development specialists, 218
  delivering unit-based education to bedside caregivers, 313
  I CARE: organization-wide customer service education program, 195
  teaching staff to manage cardiac arrest situations, 292
  Train-the-Trainer Project, 121
Staff retention
  making the magnet commitment, 269
  role acquisition, socialization, and retention: unique aspects of a mentoring program, 176
  Train-the-Trainer Project, 121
Summer health careers program, from high school to health professional, 18
Support system, role acquisition, socialization, and retention: unique aspects of a mentoring program, 176

T
Teaching, constructing a lesson plan, 70
Teaching tools
  "aerobic quiz," 155
  "book ball," 106
  concept mapping as a critical thinking tool, 228
  ENTER: care guide for successfully educating patients, 143
  "who knows (nose) the answer," 209
Terrorism, chemical and biological terrorism preparedness for staff development specialists, 218
Training
  new graduate to critical care nurse, 297
  project management: core competency for professional nurses and nurse managers, 187
Train-the-Trainer Project, 121
Transition. *See* Career transition

V
Validation, validating competency at the bedside, 165
Validity, cut-off scores for competency, 238

W
Workforce reentry, refresher course for workforce reentry by inactive RNs, 287
